## Tomorrow Evening's Entertainment.

The APPEAL once more reminds its readers that the next Library entertainment will take place to-morrow (Wednesday) evening, at the Opera House, commencing precisely at 8 o'clock. The doors will be opened at 7. The first part will, as usual, be instrumental and recitation, including an original poem, the second part to consist of a rattling farce. The delegates to the Grand Lodge of Odd Fellows will attend in a body. The following ladies and gentlemen will take part in the programme, which will be a splendid one: Mrs. D. A. Bender, Misses Alice Wilsie, Lena Patten, Stella Gates, Mary Bath, Annie H. Martin, and Laura Tilden; Messrs. Laughton, Owens, Parkinson, Todman and Bryson.

## Election of Officers.

The Grand Encampment of the I. O. O. F. elected the following officers yesterday: Grand Patriarch, P. H. Mulcahy, of No. 1; Grand High Priest, A. E. Shannon, of No. 19; Grand Senior Warden, D. G. Kitzmeyer, of No. 2; Grand Scribe, W. H. Hill, of No. 6; Grand Representative, W. H. Hancock, of No. 1; Grand Treasurer, George Taffy, of No. 2; Grand Junior Warden, F. C. Updyke, of No. 5; Trustees, D. O. Addison, Alex. Lepore, and J. G. Farrington.

## An Unfortunate Blast.

On Sunday evening John Brady, whose eyes and face were injured by a premature blast at the front of the Carson & Colorado railroad, was brought to this city and placed in charge of the railroad physician, Dr. White. As yet it cannot be ascertained whether the unfortunate man will lose his sight or not.

## A Generous Husband.

Captain John Kelly, the mining man, well known in this city, was married on Saturday at Virginia to Miss Katie, daughter of A. F. Mackay. The Captain presented his bride with a \$50,000 U. S. Bond after the knot was tied. That's a princely way of doing things, if one can.

## Episcopal Social.

The ladies of the Episcopal Church intend holding a moonlight social and dance the last week of this month at Treadway's Park. Due notice will be given.

Mrs. HYDE, Secretary.

## A Pretty Place.

One of the prettiest places in the State for private picnicking, and one that is very little known as such, is Thorne's ranch, about three miles west of town. It is a perfect little paradise.

## Married.

In Carson City, June 3d, by Rev. W. C. Gray, Wm. J. Delbridge to Mary L. Harris.

## THAT "CARPET EXPERIENCE."

A Card from Harris Brothers of Carson, and a Letter from Dr. Dawson of the Insane Asylum.

The Tribune of Saturday evening contained an article reflecting generally on the business men of this city who are engaged in the carpet business. The article in question intimated that there had either been dishonesty practiced on the part of our business men, or an attempt made to get the best of the State in an underhanded manner in the matter of furnishing carpets for the State Insane Asylum at Reno. The attack was unwarranted, as the following correspondence will show, and we believe prompted without due investigation as to its truth. The following explanation is offered by Harris Brothers in reply:

EDITOR APPEAL:—The Nevada Tribune in its issue of the 2d instant insinuates in a dirty, contemptible and cowardly manner that the carpet dealers of Carson have been trying to impose upon and swindle Dr. A. Dawson, of Reno (the Superintendent of the Nevada Insane Asylum). Now, in justice to our neighbors and competitors, we will state that it is our firm the Nevada Tribune is trying to cast reflections upon, by a lot of malicious lies made up, evidently by the senior editor of that sheet, for no other reason than we can discern but because of our having withdrawn our patronage from that paper. We sold the carpets to Dr. A. Dawson and Mr. Huffaker cheaper than they can be bought in San Francisco, as we are selling out and are intending to retire from the dry goods business. Our clerk in that department packed two remnants by mistake, which the Doctor did not want, and they were returned to us. That is all there is about that "Carpet Experience." The following letter from Dr. A. Dawson, which we annex hereto explains itself.

HARRIS BROS.

Carson, June 5, 1882.

OFFICE OF NEVADA INSANE ASYLUM, RENO, June 4th, 1882.

MESSRS. HARRIS BROS., Carson City. —In reply to yours of yesterday I will say that all the information which I am able to give you in regard to Parkinson's article about my "carpet experience," (as I have not seen the article referred to), is this: A few days since Parkinson visited the Asylum and, among other goods, was shown the carpets purchased of you, and I incidentally mentioned the fact that there were two remnants which I was going to return, and did not consider it necessary to enter into a detailed statement of the case, as it amounted to nothing. Regretting that so small a matter should give rise to so much talk, I remain, &c., yours, A. DAWSON.

Although the Tribune did not mention any particular firm, it might as well have done it, so far as its evident purpose seemed to be to affect the standing of Harris Brothers, for the business houses in Carson dealing in carpets are very limited. And right here we wish to correct our morning contemporary, the *Lader*, in its hasty conclusion that the Commissioners for the Care of the Insane have been making purchases for the Asylum from abroad, instead of patronizing home merchants—an unintentional mistake, of course, but nevertheless inexcusable, for the reason that all such stupid blunders can be avoided by a little exercise of the usual energy displayed by journals desiring to furnish reliable reading matter for the public. The Commissioners have from the beginning manifested a desire to procure supplies for the Asylum from residents of the State, and to expend as little money as possible outside of it. From Harris Bros. of this city, they purchased the dry goods and carpets; M. Nathan, of Reno, supplied the blankets; the hardware and crockery were furnished by Manning & Berry and Charles Kaust, of Reno, and the mattresses were manufactured in Reno. All the furniture, we are reliably informed, that was purchased in California, could not be obtained in Nevada, such as the iron bedsteads for patients and a few other trifling articles. The prices of all the articles enumerated are a matter of record in the Capitol building, and subject to inspection by any citizen.

## The Lake Hotels.

Mr. Waugh, the driver of the Lake Tahoe coach, says that he thinks the Tahoe City hotel will not be open before the middle of the month. Baldwin's manager and help are at the Tallac, but there are no guests there yet. In fact, so far there have been very few tourists at the Lake.

Arthur McEwen, editor of the Virginia Chronicle, was in the city on Sunday.

## Nevada Should Stand In.

DENVER, Colo., June 1st, 1882.

TO HIS EXCELLENCY, GOVERNOR KINKADE:—I have been requested by the Directors of the National Mining Exposition to be held at Denver, Colorado, this Fall, to request you to appoint one or more Commissioners to represent your State at the exhibition and to have general charge of the productions of your State which may be exhibited here.

There is every reason at the present time to believe that the Exposition will prove a success and I trust you may comply with the desire of the Exposition managers and that the great resources of your State may be well represented on that occasion. Very truly yours, FREDERICK W. PERKINS, Governor.

The people of Denver are erecting an exposition building at a cost of \$150,000 for the above purpose, and it is desirable that Nevada should take an active interest in this exposition by sending specimens of her products there. It is very probable that the managers will make arrangements to have the products of the mineral producing States carried free of cost to the senders. We owe it to ourselves not to overlook this excellent chance to exhibit our resources to the world. Let the mine owners throughout the State set to work at once to gather a contribution for this exposition that will exhibit our mineral wealth in a true and proper light.

## Fighter Arrested.

Constable Spurgeon yesterday arrested an Italian named John Figone for assaulting a countryman named Raffetti, who keeps a boarding house in the northern part of the city. Raffetti is the owner of a ranch somewhere in this vicinity, upon which stood two houses which were destroyed by fire some months ago. He accused Figone of setting the buildings on fire, whereupon the latter permitted his angry passions to rise to such an extent as to knock the accuser out of time. The prisoner will have a hearing before Judge Cary at 2 o'clock P. M.

## Drunk or Crazy?

Yesterday afternoon a stranger, who gave the name of Michael Crowley, was arrested for disturbing the peace. He came from the northern part of the city, constantly using language that would bring the blush to the eastern cheek of a Barbary Coastier, and cutting up all manner of antics. The authorities are undecided as to whether he is drunk or insane. He will probably have an examination to-day.

## Our State.

Nevada has a population according to the census returns, of 62,266; an area of 109,740 square miles; 15,158 families; 14,557 dwellings; 0.57 persons to the square mile; 0.14 families to the square mile; 0.13 dwellings to the square mile; 1,127.96 acres to each person; 4,663.43 acres to each family; 4.28 persons to a dwelling; 4.11 persons to a family.

## An Afflicted Family.

On Sunday morning at three o'clock Myrtle, the six year old daughter of J. H. McCormack, of the Mint, died of the same disease that brought her nine year old brother to the grave about a week ago. She was buried on Sunday evening, it being unsafe to keep her longer. The mother is now also down with the diphtheria. The two other children are said to be improving.

## No Celebration.

There appears to be no disposition on the part of our people to do anything in the matter of getting up a Fourth of July celebration this year. At all events each one will have the privilege of celebrating the day on his own account in a manner that suits him best.

## Rifle Practice.

At the rifle match on the 4th instant Hon. James Crawford made a joint score of 89 points on the 200 and 500 yard targets, and J. E. King made a joint score of 84 points.

The highest medical authority is pronounced in denouncing the use of ice made from other than pure running water. The old theory that freezing purified water in stagnant ponds and destroyed impurities, has been exploded, and it is now a settled fact that no ice is fit for use but that frozen in running streams. Doc Benton has an abundance on hand, cut from the Carson river, and delivers the same to all parts of the city. Orders left at the livery stable will receive prompt attention. —if
